The powerful **MasterPlan** enables you to develop customised Business and Marketing Plans.

Research indicates that organisations with a working Business and Marketing Plan achieve higher revenue and profit growth than those who fail to plan.

MAUS MasterPlan is the quickest and simplest way to create winning plans to revolutionise your business. This software helps you develop complete Business and Marketing plans, with full set of financials, actual vs budgeted comparisons and graphical analysis.

The software will prompt you with ideas and suggestions and will demonstrate through real life examples how you can analyse your business and prepare successful strategies for the future.

Designed for people who need a professional plan with a minimum of fuss, the program uses a simple question and answer format with sample text to lead you through the entire planning process.

The range of plans available are ideal for everything from loan applications through to setting strategic direction, while the financial wizard allows you to develop customised spreadsheets and conduct "what if" analysis on all of your forecasts.

This is designed for people who need a winning, professional business or marketing plan instantly!

At a click of a button, MAUS MasterPlan provides you with:
