## StockMarketPlus

### The secret to profitable investing & trading

*"Seldom does a software package completely outclass competitors, offering users a clearly superior product in terms of sophistication simplicity & obvious attention to detail"*

**Review of Core Software**  
Smart Investor Magazine

MAUS Stockmarket Plus is Australia's leading portfolio management software. It is a comprehensive yet easy to use software application which allows you keep track of your investment portfolio and make informed and profitable investment decisions.

The software allows you to generate instant EOFY tax reports, such as, capital gains, brokerage, holdings, dividend/distribution and profit/loss reports which could save you hundreds of dollars in accountancy fees, as all the work is already done!

The program records and reports all activities related to trades or dividends, allowing you to manage and grow your portfolio like a true professional.

Information related to a trade such as brokerage rates, stock details and prices, the effect inflation may have on your returns, capital gains tax and your marginal tax rate, are documented in clear, easy to follow tables

MAUS Stockmarket Plus is fully up to date with all the latest GST, CGT and personal tax rates so you can rest assured you are monitoring your investments in accordance with government legislation.

This award winning program also covers other important activities such as bank and trading accounts, the ability to manage investment properties and other investment types.

The program even includes a range of financial calculators such as, home loans and term deposit account calculators

---
